SEVEN LOSE LIVES IN TRAIN WRECK

Flyer Dashed Out of Tunnel and Ouer Embankment.

TRAIN PLUNGED INTO THE LAKE

Engine and Cars Crash Down 60 Feet, Wrecked Coaches Catch on Fire, but Blaze Is Extinguished by Submerging—Engine in 300 Ft. of Water.

Spokane, Wash., July 25.—At least seven lives were lost, seven persons were seriously injured and a score of others sutained cut and bruises in a wreck of the fast mail train on the Great Northern, a mile and a quarter east of Camden, Wash., late Monday afternoon, when the locomotive, mail, baggage and smoking cars left the rails on emerging from a tunnel and plunged over the 70-foot embankment and were submerged in the waters of Diamond lake.

Spreading rails, probably caused by sun kinks, is given as the cause.

Immediately after the smoker hit the water there was a blinding flash which spread over the part of the car not submerged and a fire followed.

The impact was so terrific that several other cars on the train were wrenched and twisted and the fact that the coupling did not break on the dining, tourist, and sleeping cars was the only thing that avoided even greater loss of life.

Engineer Munson and Fireman Bell evidently stuck to their posts, and it is believed, too, that the locomotive is in from 100 to 300 feet of water.

Two divers made half a dozen attempts to find the locomotive, but they were unsuccessful.

W. S. Linneman, a contractor for construction work on the Oregon railroad and Navigation company, broke through a window to escape from the burning and half submerged smoking car.

Mr. Linneman said that "we were running at a fearful speed through that tunnel, and we passengers were all wondering if the engineer had lost his senses, driving at that rate of speed with a sharp curve ahead. I think we must surely have been going 45 miles an hour."

Body of Infant Found in Well.

Valdosta, Ga., July 25.—The people over at Whigham are said to be considerably stirred up over the finding of the body of a ninfant in a well there. It is not known whose child it was, but it is said to have been white. The coroner's jury investigated the matter, but reached no definite conclusion. A telegram was sent to Solicitor Thomas, informing him of the discovery and asking him to come over there and advise with the officers in trying to ferret out the mystery. Solicitor Thomas went over to Whigham this morning and spent the day there. In formation from there seems to indicate that the discovery created a good deal of excitement in the community.

Tobacco Barn Burns.

Bainbridge, Ga., July 25.—The largest of the numerous tobacco barns of A. Cohn & Co., the big tobacco planters of this city, has been totally destroyed by fire. The origin of the fire is unknown, but it is supposed to have been accidental. The barn was filled with fresh primed tobacco leaves and heat was used during the damp weather to assist in curing it and the fire was evidently started from the heating arrangements. The value of the barn and contents was estimated at $10,000, and was partially covered by insurance. The company will rebuild.

First Wireless from the Arctic.

Oyster Bay, July 25.—A dispatch has been received by President Roosevelt from Walter Wellman, who is at the head of the Wellman Chicago Record-Herald expedition. The dispatch was dated at Hammerfest, July 21 and read as follows: "Roosevelt, Washington: Greetings. Best wishes by first wireless message ever sent from Arctic regions. (Signed) Wellman."

18,296 PEOPLE KILLED AND HURT

Accident Bulletin Issued by the Commerce Commission.

Washington, July 25.—The railroad accident bulletin, which has just been issued by the interstate commerce commission for the three months ending March 31, 1906, shows the total number of casualties to passengers and employes to be 18,296 (1,126 killed and 17,170 injured). This is an increase of 17 in the number of killed and 52 in the number injured over those reported in the preceding three months.

The number of passengers and employes killed in train accidents was 274, as against 329 in the preceding three months, a decrease of 46 in the number killed.

The total number of collisions and derailments was 3,490 (1,921 collisions and 1,569 derailments), of which 289 collisions and 167 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounts to $2,924,785. There is a decrease of 232 in the number of collisions and derailments over those reported in the preceding three months.

The number of employes killed in coupling cars and engines was 84, being one less than the number killed in the last quarter.

In closing, the bulletin says:

"The most disastrous accident reported in the present bulletin, a collision causing 31 deaths and injuring 24, was due to the striking telegraph operator at a small and lonely station who had been on duty all day and more than half the night, fell asleep and on awakening misinformed the train dispatcher as to what had occurred while he was asleep.

"It is pertinent to observe that the block system, repeatedly advocated by the commission, is the true means that ought to be adopted for the prevention of such distressing disasters."

Two Women Drowned.

Huletts Landing, Lake George, N. Y., July 25.—Sophia and Corrin Pliddian, of Brooklyn, were drowned on Monday afternoon while boating on the lake. The two women, accompanied by their brother, J. P. Pliddian and Stanley Lynch, started from this place in a light boat and had rowed about a mile up the lake when the boat was capsized by a heavy squall and all were thrown into the water. The men clung to the boat and made a brave effort to rescue their companions. They were unable, however, to reach them and both women sank. Two campers from the Australian camp put out in a skiff the moment the accident happened and succeeded in rescuing the two men.

Frisco Public Schools Open.

San Francisco, July 25.—The public schools of San Francisco opened Monday for the first time since the fire and was well attended. As nearly thirty school buildings were destroyed, the schools in some of the districts were badly overcrowded and will be ordered on the half day plan until more facilities are provided. The conditions, however, were more favorable than had been expected by the educational authorities. School Director Oliver estimated that the registration is about 60 per cent of the children registered before April 18.

Woman Charged with Theft.

Chicago, July 25.—A private detective in the Marshall Field store Monday arrested Mrs. Elizabeth Schwertraber, 52 years old, wife of a wealthy real estate owner of Cincinnati, on a charge of stealing a lace collar and a silk waist. After she had been locked up in a cell in the Harrison street police station for six hours, Mrs. Schwertraber was released on bonds signed by her husband and Otto Steinkopf, a restaurant keeper. The police say she was caught trying to conceal the stolen articles in her clothes.

BUILDING COLLAPSED; TEN PERSONS KILLED

More Than Score of Men Buried Under Falling Walls.

WORK OF RESCUE CONTINUES

Further Search May Increase List of Dead—South Farmingham, Mass., Structure was Being Fitted Up for Postoffice—Six Men Are Missing.

South Farmingham, July 25.—At least eight and perhaps three times that number of masons, plumbers and Italian laborers were crushed to death Monday in the sudden collapse of a building in process of construction on the main street, while ten others were dragged or dug out of the wreck, some seriously injured.

The building made of cement and brick, was being fitted up for the postoffice. Only 9 men were taken alive out of the debris.

The building is situated in the center of the business section of Farmingham, and firemen and members of the Ninth regiment infantry of the state militia in camp here were quick to the rescue. They succeeded in digging out half a dozen of the injured and later found others almost completely buried by the wreckage.

When the accident happened there were between 35 and 40 men at work in the building. Two or three loud explosions or cracks were heard in rapid succession, and then the north side wall and about half of the front wall collapsed and crashed through to the basement, burying the men.

One of the first persons removed from the wrecked building was George M. Amsden, the owner, who suffered a fracture of the leg and several severe bruises.

Under the light of electric lamps the work of exhuming the bodies of the victims of the collapsed Amsden building went on unceasingly through the night, but Tuesday morning brought no increase to the list of known dead. At dawn there were still nine bodies at the morgue, one other victim could be seen in the ruins, eight of the injured were at the hospital, two others were at their homes, while the list of missing still remained at six, making a total of 26 who, so far as could be learned early Tuesday morning, were about the building when the supports gave way and sent tons of cement, iron columns and beam crashing in tangled mass into the basement.

The tottering walls and pillars and the hanging beams and girders made the work of extricating the bodies not only difficult, but dangerous.

"NOTE" BILL PASSES.

Bill of Mr. Calvin, of Richmond, Is Passed by House.

Atlanta, July 25.—The house of representatives met at 9 o'clock Tuesday morning.

But little business of general importance was transacted at the two sessions of Monday, attendance being rather poor, as it usually is on Mondays.

At the morning session a bill of interest to the commercial world, by Mr. Calvin, of Richmond, to make notes and other negotiable instruments falling due on holidays due the day thereafter instead of the day before, as is now the case, was passed.

Among the new bills introduced was one by Mr. Williams, of Laurens, to amend the constitution so that the term of the governor shall be increased from a term of two years to four years, the question to be submitted to the people at the next election, and the governor made ineligible for another term of office.

Fruit and produce growers and shippers will be interested in the bill introduced at the morning session by Mr. Glenn, of Cobb, providing that railroads shall furnish refrigerator cars within 24 hours after demand by the shipper, provided the shipper has given the railroad 30 days notice of his intention to ship. Failure to provide the cars within 24 hours after demand will make the railroad liable for the value of the fruit or produce to be shipped.

The bill of Mr. Perry, of Hall, to create a court of appeals for the relief of the state supreme court and the substitute reported by the committee was ordered printed for the use of the house, and the report of the committee on rules and recommending that this bill be made the special and continuing order for Wednesday, July 25, was adopted.

SORRY DOUMA IS DISSOLVED.

W. J. Bryan Gives His Views on Russian Situation.

New York, July 25.—A cable from London to the American says:

William J. Bryan said Monday that he was sorry to see the douma dissolved. Premier Campbell Bannerman had happily expressed the situation when he paraphrased the old say: "The douma is dead; long live the douma," meaning that whatever may happen to the personnel of the doumas as an institution, it still lives. Mr. Bryan said:

"I am satisfied there will be no backward steps, whatever the czar may attempt to do. The recognition of the right of the people to self-government cannot be undone. I believe the czar made a great mistake in ordering the dissolution. From my observation, the members of the douma are men with purposes and possessing ample qualification to deal with the necessities of their country. The czar should have treated with the douma."

Mr. Bryan insists that the visit of Colonel M. C. Wetmore, of St. Louis, was not for the purpose of inducing him to give up the idea of returning to the United States by way of New York. He said he would stick to his original itinerary. Mr. Wetmore will return with him.

Lacy Deese Dies of Hydrophobia.

Atlanta, July 25.—Lacy Deese, the 3-year-old son of Mrs. L. D. Deese, of Jacksonville, Fla., succumbed Monday evening late to hydrophobia at the Pasteur institute, where he had been under treatment. The child was bitten on July 4th, and was brought here four days later, on July 8th. Hydrophobia symptoms set in last Thursday and though the greatest care was taken of the little fellow, he could not resist the inroads of the disease. The child's mother was at his bedside when the end came.

The whole city is in a state of panic. Many of the inhabitants are fleeing.

The Black Hundred is distributing bloodthirsty proclamations in the public streets.

Pobiedonostzeff, who was procurator general of the holy synod; General Orloff, the "pacificator" of the Baltic provinces, and others, has been scattered over part of Peterhof.

Sheriff Seeks Negro Murderer.

Valdosta, Ga., July 25.—Sheriff Passmore and his deputies have been trying to catch James Collins, a negro youth, who shot Will Smith to death at Olympia Monday, but Collins has so far evaded arrest. Collins formerly resided in Albany, and it is said his wife is still living there, and it is believed that he will drift back in that direction. It is said that somebody stole a pistol from the night watchman at Olympia and Smith accused Collins of it. He denied the charge and said he would kill Smith if he repeated it. Smith repeated it, and Collins fired, killing him. Smith had out his gun, but he was too slow in using it.

Letter Will Aid Thaw.

New York, July 25.—The defense in the case of Harry Kendall Thaw passed an entirely different construction on the meaning of the letter written by Mrs. Holman, Evelyn Nesbit's mother, which were made public on Monday. Instead of counseling the Thaw's case has received a hard blow, the counsel for the defense was in high glee, as it was believed it would lead to Thaw's release.

INTERESTING ARNO LETTER.

Union Christian Endeavor Society Organized at High Springs.

Arno, July 25.—After a week of good fodder pulling and grass killing weather, which the farmers made good use of, the rains have returned. The present condition of the cotton crop is at least twenty-five per cent below the average.

The Christian Endeavor Society here is in a flourishing condition. For three months after its organization it met in the homes of its members, but the attendance became so large they were obliged to meet at the church.

F. P. Henderson was yesterday elected superintendent of the Presbyterian Sunday school at High Springs.

There was a union Christian Endeavor Society organized at High Springs Sunday evening for the benefit of all the young people of High Springs without reference to what church they belong. A large congregation of young people and members of the Methodist, Baptist and Presbyterian churches met at the Presbyterian church, according to previous announcement, and after a thorough discussion of the objects and principles of Christian Endeavor by Miss Emma Y. Hughes of Tioga, who is State superintendent of correspondence, Rev. Mr. Van Sickle took charge of the meeting and called for volunteer members, when fourteen Christians, representing the Methodist, Presbyterian and Baptist churches, came forward and joined as charter members, after which the organization was completed by the election of F. P. Henderson, president; Lincoln Grimes, vice-president; John Neal, treasurer; Miss Lila Thompson, corresponding secretary; Mrs. Jasper Osteen, local secretary; Mrs. Hogan, chairman of social committee; Mrs. Wm. Futch, chairman of the lookout committee; Mr. Young, chairman of the prayer meeting committee. The society then adjourned to meet at the Presbyterian church next Sunday afternoon at 5 o'clock, when much other preliminary work will be done. The president and members earnestly solicit the hearty co-operation of every Christian in High Springs, and a cordial invitation is extended to all the young people of High Springs to attend all meetings, especially the meeting next Sunday afternoon.

Miss Pearl Osteen is visiting her sister, Mrs. W. F. Marlow, at Ocala.

Mrs. Roy Osteen returned to her home at LaCrosse Monday, after a week's visit to her sister, Mrs. P. B. Clark.

Mrs. Tom Price is still confined to a dark room with a very painful eye.

SORES AND ULCERS

TROUBLESOME-OFFENSIVE-DANGEROUS

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge.

OAK HALLS LOSE OUT TO MADISON

A Closely Contested and Exciting Game Wednesday Afternoon.

HOME TEAM SHUT OUT

But Their Work Showed Excellent Training, and Put Up One of the Prettiest Games of the Season—Another Game this Afternoon.

Madison seems to be a Jonah for the Oak Hall baseball team—at least a Jonah for the last three games, but the home boys are determined to "get even" this afternoon by giving the visitors a defeat to take home with them which they will remember.

But the game was not a bad one by any means, and was one of the fastest and most exciting seen on the local diamond this season. As a matter of course, the result did not digest as palatably as either of the two games with St. Augustine, but at any rate it was a good one, bringing out many points.

The playing on both sides was fast and snappy, demonstrating that the twirlers were by no means disqualified as ball players. The batteries were excellent, and special credit is due to Waller of Gainesville, who was pressed into service on account of injuries to Bullock, the regular catcher, on Monday. Waller has held his end up well behind the bat, and is destined to have a reputation which he will be proud of thrust upon him if he don't look out. Our people like his work.

The game up to the eighth inning was nobody's game, but owing to a bunch of errors and some heavy batting on the part of the visitors, Madison managed to pass three men over the home plate. The game was a goose-egg on both sides prior to this incident which sent a chill down the spines of the Gainesville fans, except in fourth inning, when by a scratch Madison managed to score one run.

Following is the score by innings:

Gainesville	0	0	0	0	0	0	0	0	0	0—0
Madison	0	0	0	1	0	0	0	3	0	4

Hits by innings:

Gainesville	1	2	1	0	0	0	0	0	0	5
Madison	1	0	0	0	0	0	1	1	0	3

Struck out—By Sheats 6, by West 2.

The team will play again this afternoon, the game being called at 3:30 o'clock. Those who feel disposed to attend and encourage the sport in Gainesville are assured of an exciting afternoon.

The Madison boys are under the management of Columbus B Smith, the clever editor and proprietor of The Madison New Enterprise. They are a gentlemanly lot of fellows, and are making friends among the Gainesville people.

LOCHLOOSA NOTES.

"Uncle Bill" Richardson Entertains Friends at Birthday Party.

Lochloosa, July 25.—Capt. A. K. Wade and family spent Sunday at Paine's Beach. They report a nice time.

Miss Jessie Pace and the two young Mr. Pearsons of Jacksonville are spending a while with the former's parents, Mr. and Mrs. W. A. Pace.

Mrs. R. J. Tompkins and children have gone to spend a while with the former's mother, Mrs. Dunn, at Williston, who a few days ago swallowed a peach seed, and will go to Atlanta in a few days to the doctors.

W. T. Richardson, or "Uncle Bill," as most commonly known, celebrated his sixty-six birthday Sunday, July 22, inviting a few of his friends. We had a nice dinner—all the good things we could eat, and after dinner "Uncle Bill" fixed the children a swing out under the nice china tree shades, and made enjoyable for them as well as the old folks. "Uncle Bill" spent the most enjoyable birthday than ever in the past sixty-five birthdays of his life. We had a nice fair day for the occurrance, which made it still more delightful.

The friends departed, wishing the host another successful year and hope that we all may be able to eat birthday dinner with him again.

Saved His Comrade's Life

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Roughland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the South and West. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists.

"All gone!" is what they are now saying in Washington. This refers to the people's money, as well as to Congress and the official set.

Oh yes, the Panama strip is quite salubrious since the President and Secretary Taft have cleaned it up, yet of the detachment of 300 marines who were stationed there 165 are on the sick list, and the whole detachment has been ordered North to recuperate.

Well, the next term of the University of Florida will open in Gainesville next September, despite the harassing fight to retain the school until the Legislature convenes. "Whom the Gods would destroy they first make mad" has been demonstrated in the contest for the University, and the action of the people of Lake City is not calculated to redound to the interests of that town in the future.

The Jacksonville Metropolis of the 24th inst. says Gainesville people were so anxious to transfer the apparatus belonging to the University from Lake City to Gainesville that teams were sent from here to haul the apparatus from the former University buildings to the railroad. The Metropolis should also have explained that the reason teams were sent from Gainesville was because the liverymen of Lake City refused to hire teams to do the work.

According to Justice Brewer, Washington is the great lobby camp of the world. More legislation has been thrust upon Congress than it can attend to, and the consequence is that the Government has become a general dispensary. "The Federal Government is efficient," he says "but there are things greater than mere efficiency, namely, the protection of the individual and the upbuilding of his sense of individual responsibility." These greater things are lacking under our present system. "It is not how much the individual will willingly give to the country, but how much the nation could take from him."

THE "DOTAGE" MICROBE.

Oregon has been the storm center of land frauds. One of her Republican Senators and both of her Republican Representatives in Congress, besides a United States Surveyor-General and many other federal officials, have been implicated and have either met their just desserts or are in a fair way to do so. Now comes the only member of Congress from that State that the law has not entangled—Senator Fulton, who declares that Secretary Hitchcock, who to his credit has relentlessly prosecuted the land thieves, "is in his dotage." If Secretary Wilson had shown the same efficient "dotage" there would have been no beef, cotton and seed scandals. If Secretary Taft had exhibited a similar brand of "dotage" there would have been no Panama scandal and matters in the Philippines and Porto Rico would be in better condition instead of being a disgrace to American management. If Secretary Root had shown the same patriotic "dotage" the Santo Domingo and Venezuela scandals would never have occurred. If Secretary Moody had exhibited the intense "dotage" that his elder associate has exhibited, there would be a large bunch of trust magnates in jail and the trust question would not loom up so alarmingly to the American people.

The President is to be congratulated on having one member of his cabinet in his "dotage," for that seems to be the only way to efficiently follow up fraud without fear or favor and doggedly determine to enforce the law. The strenuosity of the President has had no effect upon Secretary Hitchcock; he has gone along without blow of trumpet, or partisan speech making, on his plain old "dotage" plan, and it is a pity that the other members of the Cabinet have not been inoculated with the same disease, instead of the microbe of strenuousness that has evidently had a disastrous effect on their efficiency.

THE STATE FAIR.

The State Fair, which is to be held at Tampa, November 14th to 29th, will eclipse in every feature the Fair of last year, which proved superior to any State Fair ever held in the South. President Brown, in order to place all counties on an absolutely equal basis as regards exhibits and awards, has decided upon this excellent plan: The State will be divided into four divisions—West Florida, East Florida, Middle Florida and South Florida. The counties in these sections will compete among themselves for the honor of being the banner county of their respective sections, for which a handsome banner and a cash prize of $500 will be given the winner. The four winners will compete for the grand prize of $1,000, and the winner will be designated as the banner county of the State. This plan is necessary by reason of the fact that the vast area of Florida makes the products so diversified that a county in one section cannot well compete with a county in another section. The counties will be divided as follows:

West Florida—Escambia, Santa Rosa, Walton, Holmes, Jackson, Washington, Calhoun, Liberty, Franklin, Gadsden, Wakulla, Leon, Jefferson, Madison, Taylor, Hamilton, Suwannee, LaFayette, Columbia, Baker. Middle Florida—Nassau, Duval, Clay, Bradford, Alachua, Levy, Putnam, Marion, Dade, Sumter, Citrus. East Florida—St. Johns, Brevard, St. Lucie, Dade, Monroe. South Florida—Lee, DeSoto, Manatee, Polk, Hernando, Pasco, Hillsborough, Osceola, Orange.

It is now explained that Secretary Taft was sent to North Carolina because those "Blackburn people" had been endorsing at some of their county conventions Vice-President Fairbanks as successor to President Roosevelt. The question is, has Taft stopped the revolt?

A REPUBLICAN PREDICTION.

That erudite and trust-controlled purveyor of news, The New York Sun, in a late issue says:

"The Sun craves permission to present its humble service to the supreme powers at Oyster Bay, to Messrs. Platt and Depew, to the new and austere hierarchy of Odell and associates, to one Frank Wayland Higgins, the putative Governor of the State of New York, and to all the sober-minded and self-respecting Republicans to whose confidence it can appeal, and with all deference and respect submits:

"The next Governor of the State of New York will be a Democrat.

"The next Governor of the State of New York will be the next President of the United States."

Yet after all The Sun may be mistaken, and the next Governor of New York may not be the next President of the United States. But its prediction shows the Democratic trend of public opinion and that even Republicans see the probable downfall of the party of trusts, protection, graft and scandals.

The English lawyers should rise up as one man and rebuke the London and Southwestern Railway Company, which will make no resistance to claims for damages for the twenty three persons killed in a recent accident on that road. What's a poor damage suit lawyer to do in a case like that? If the American roads should follow this English example a society for the prevention of cruelty to lawyers would be in order.—Live Oak Democrat.

Teddy's genuine raids have not been made on the railroads and meat packers, but on the wage-earners, who pay the taxes.

Who will "sit on the lid" when the President takes Taft along to look over the Panama canal?

BIG BARBECUE AT BURNETT'S LAKE

Will be Given by Alachua County Cotton Growers' Association.

A LARGE CROWD EXPECTED

Various Cotton Associations Throughout the State Are Invited, and Many Will be Represented—Speeches and Big Dinner Order of Day.

The cotton growers of Alachua county are anticipating not only a big barbecue and big time on the beautiful shady shores of Burnett's lake, near Alachua, on Wednesday, August 1, but they are anticipating as well the meeting together of growers of the staple from many other counties, and an exchange of ideas, etc., that will prove of lasting benefit to them as cultivators and handlers of cotton.

The Alachua County Cotton Growers' Association, of which Captain J. S. Dupuis of Alachua is president, has called a big barbecue for the date mentioned. Every association and every individual farmer who is interested in the cultivation of the fleecy staple, is extended a cordial invitation to be present, along with their wives and families. An invitation is also extended to the general public.

An abundance of beef, pork and mutton has been secured for the occasion, and there is no danger of a scarcity in the good old-fashioned barbecued meat.

Odd.

Hicks—What do you think of that university making Dumley a doctor of laws? Wicks—Oh, well, the universities do very crazy things sometimes. Hicks—Yes, and yet they are always supposed to be in possession of their faculties. — Catholic Standard and Times.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

Unfeeling.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

First Glimmer of a Star.

A little girl, the French critic Sarcey related, once presented herself at the Paris Conservatoire in order to pass the examination for admission. All she knew was the fable of "The Two Pigeons," but she had no sooner recited the opening lines when Auber stopped her, with a gesture.

"Enough," he said. "Come here, my child."

The little girl, who was pale and thin, but whose eyes gleamed with intelligence, approached him with an air of assurance.

"Your name is Sarah?" he said.

"Yes, sir," was the reply.

"You are a Jewess?"

"Yes, sir, by birth, but I have been baptized."

"She has been baptized," said Auber, turning to his colleagues. "She has said her fable of 'The Two Pigeons' very well. She must be admitted."

Thus Sarah Bernhardt, for it was she, entered the Conservatoire.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

A Proud Man.

"Did you see that proud man going out just now?" asked the cashier. "Proud as Lucifer. Know what he did? Found that I had made a mistake in his favor and handed me back the change. Now, I wonder why it is that people are so proud when they have discovered that they are honest. I could rake in a lot of extra coin if I availed myself of the mistakes that are made here every hour of the day, but I don't on general principles, because I am naturally honest. It's nothing to be proud of."—New York Sun.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

A CURIOSITY IN BOOKS.

The Famous Chained Library of Wimbourne, Ireland.

Wimbourne, Ireland, is noted for many things, but its famous chained library is perhaps the most notable of its curiosities. The library possesses unique interest as being one of the earliest attempts to disseminate knowledge among the people. The collection was made accessible to the people in 1686 and numbers some 2,000 volumes. The scarcity of books and the value of the collection are both indicated in the care taken for their preservation, and especially against loss of such treasures by theft. By means of chains and rods the books were securely fastened to the shelves, and these chains, it is rather surprising to learn, were not removed until 1857, when the library fittings were repaired. Among the interesting works of the collection is a copy of the first edition of Sir Walter Raleigh's "History of the World," 1614. It has suffered from fire, and tradition says that Matthew Prior was responsible for its condition, the story being that he fell asleep when reading it once upon a time and the pages were burned by his candle. It has been neatly repaired, and its mishap now adds to its interest. The oldest volume in the library is a fine old copy in vellum of "Regimen Animarum." It is in manuscript and bears the date 1343.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

Where Taxes Are Unknown.

Orsa, in Sweden, has in the course of a generation sold $5,750,000 worth of trees and by means of judicious replanting has provided for a similar income every thirty or forty years. In consequence of the development of this commercial wealth there are no taxes. Railways and telephones are free and so are the schoolhouses, teaching and many other things.

Worth Knowing.

"Sensible looking girl across the aisle."

"Yes. Like to know her?"

"No, thank you. Handsome hat she's wearing."

"Yes. She made it herself."

"Eh! Introduce me, please."—Cleveland Plain Dealer.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ARE URGED TO FIGHT WIHTES.

Race Riot Was Barely Averted at Chattanooga, Tenn.

Chattanooga, Tenn., July 25—As the result of the death at the Erlanger hospital of a negro, who was shot by a policeman a few days since, in self-defense, a riot on East Ninth street, the center of the tougher element of the negro population was hardly averted Monday morning, and Dooley Jackson, a notorious negro, was arrested on the charge of inciting a riot.

Since the recent lynching there has been considerable animosity shown on the part of the negroes in this vicinity, and there have been a number of shooting scrapes. John Parker was shot last Friday night by Patrolman Clark, after the negro had started after him with a knife, and the death of the negro caused much excitement among a certain portion of the worst negro element.

Jackson was making many threats, and when arrested at his home a loaded gun was found by his side. Police protection was increased on East Ninth street, and the situation was soon brought to a calm.

Monday afternoon the coroner's jury acquited Patrolman Clark of all blame in killing Parker.

Members of Parliament Arrested.

Viborg, Finland, July 25.—During the night the members of the outlawed Russian parliament, received word that two of their number had already been arrested, namely, Father Koyarkoff, at Voronezh, and a Cossack deputy, M. Khalomoff, at Restov-on-Don. The authorities are also understood to have orders to arrest several Democrats, especially a priest, Afanasieff. Both Father Koyarkoff and M. Kharlomoff distinguished themselves by preaching revolution from the rostrum of parliament, the latter being especially bitter in his denunciation of the use of his people in massacreing their Russian bretaren.

Findlay, O., July 25.—No attempt will be made to arrest John D. Rockefeller Saturday when he lands in New York. Attorney Troup, of Bowling Green, Ohio, representing Mr. Rockefeller, was here Monday and secured the permission of Prosecutor David and Probate Judge Banker to enter Rockefeller's appearance in the latter's court and this was accordingly done. Sheriff Groves still has the warrant but on account of the turn of events will not attempt to serve it. The warrant was issued recently upon information filed by Prescutor David charging Mr. Rockefeller and the Standard Oil company with violation of the Valentine anti-trust law.

FISHING FOR BIRDS.

Catching Gulls and Albatross With Rod and Line.

Curious though it may seem, it is a fact that birds are caught with rod and line in many parts of the world. The pastime is declared to be almost as fascinating as fishing. Gulls in Newfoundland are caught in this way in large quantities. In New England fishing for gulls and petrels is an important industry.

The method of bird fishing is practically the same as that of ordinary fishing. Two men go out in a dory and throw pieces of cod liver on the water. When large quantities of birds have been attracted to the spot more cod liver is thrown out on a hook. This the birds greedily swallow and thus fall easy victims.

Albatross are fished for in the same way off the Cape of Good Hope. A piece of pork is attached to a long line and thrown overboard. The bird will eye it for a long time, gradually and cautiously making toward it. Suddenly he will seize it and hold it in his beak. When he discovers that he is caught he will sit on the water and vigorously flap his wings. However, he will be drawn into the boat and made a captive.

Albatross fishing is good sport, since the bird requires careful handling. So long as he pulls against the line it is easy enough. The moment, however, he swims forward the hook will drop from his beak unless it is skillfully manipulated, and the bird will find himself free.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

Table Daintiness.

I could better eat with one who did not respect the laws than with a sloven and unpresentable person. Moral qualities rule the world, but at short distances the senses are despotic.—Emerson.

A Hard Lot

Of troubles to contend with spring from a torpid liver and blockaded bowels, unless you awaken them to their proper action with Dr. King's New Life Pills, the pleasantest and most effective cure for constipation. They prevent appendicitis and tone up the system. 25c at all drug stores.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Kitten and a Needle.

A short time ago a woman living in England was petting her kitten, when she suddenly felt something scratch her hand. On examining the spot whence the scratch proceeded, she felt the point of a needle sticking out of poor pussy's neck fur. The needle was pulled out by her husband, and another surprise was experienced when it was found that a length of thread was attached to the needle, both having passed down the kitten's throat and out again from the fur.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

SEVEN LOSE LIVES IN TRAIN WRECK

Flyer Dashed Out of Tunnel and Ouer Embankment.

TRAIN PLUNGED INTO THE LAKE

Engine and Cars Crash Down 60 Feet. Wrecked Coaches Catch on Fire, but Blaze Is Extinguished by Submerging—Engine in 300 Ft. of Water.

Spokane, Wash., July 25.—At least seven lives were lost, seven persons were seriously injured and a score of others sufained cut and bruises in a wreck of the fast mail train on the Great Northern, a mile and a quarter east of Camden, Wash., late Monday afternoon, when the locomotive, mail, baggage and smoking cars left the rails on emerging from a tunnel and plunged over the 70-foot embankment and were submerged in the waters of Diamond lake.

Spreading rails, probably caused by sun kinks, is given as the cause.

Immediately after the smoker hit the water there was a blinding flash which spread over the part of the car not submerged and a fire followed.

The impact was so terrific that several other cars on the train were wrenched and twisted and the fact that the coupling did not break on the dining, tourist, and sleeping cars, was the only thing that averted even greater loss of life.

Engineer Munson and Fireman Bell evidently stuck to their posts and it is believed, too, that the locomotive is in from 100 to 300 feet of water.

Two divers made half a dozen attempts to find the locomotive, but they were unsuccessful.

W. S. Linneman, a contractor for construction work on the Oregon railroad and Navigation company, broke through a window to escape from the burning and half submerged smoking car.

Mr Linneman said that "we were running at a fearful speed through that tunnel, and we passengers were all wondering if the engineer had lost his senses, driving at that rate of speed with a sharp curve ahead. I think we must surely have been going 45 miles an hour."

Body of Infant Found in Well.

Valdosta, Ga., July 25.—The people over at Whigham are said to be considerably stirred up over the finding of the body of a infant in a well there. It is not known whose child it was, but it is said to have been white. The coroner's jury investigated the matter, but reached no definite conclusion. A telegram was sent to Solicitor Thomas, informing him of the discovery and asking him to come over there, and advise with the officers in trying to ferret out the mystery. Solicitor Thomas went over to Whigham this morning and spent the day there. Information from there seems to indicate that the discovery created a good deal of excitement in the community.

Tobacco Barn Burns.

Bainbridge, Ga., July 25.—The largest of the numerous tobacco barns of A. Cohn & Co., the big tobacco planters of this city, has been totally destroyed by fire. The origin of the fire is unknown, but it is supposed to have been accidental. The barn was filled with fresh primed tobacco leaves and heat was used during the damp weather to assist in curing it and the fire was evidently started from the heating arrangements. The value of the barn and contents was estimated at $10,000, and was partially covered by insurance. The company will rebuild.

First Wireless from the Arctic.

Oyster Bay, July 25.—A dispatch has been received by President Roosevelt from Walter Wellman, who is at the head of the Wellman Chicago Record-Herald expedition. The dispatch was dated at Hammerfest, July 21 and read as follows: "Roosevelt Washington: Greetings. Best wishes by first wireless message ever sent from Arctic regions. (Signed) Wellman."

A BIG CATCH OF TARPON.

Silver Kings Now Affording Great Sport on Atlantic.

Senator H. H. McCreary has returned from Mayport, at the mouth of St. Johns river, where he was the guest of the St. Johns Fishing Club, composed of a number of Jacksonville's best people, who have erected a club house on the beach and constructed a dock for the accommodation of those members who desire a quiet retreat where they can indulge in the sport for which Isaac Walton was so renowned. The club house is furnished in an ideal manner for the purpose for which it is used, and the premises are in charge of a good cook in the person of Steward James, an accommodating colored man who spares no pains to promote the comfort of all who avail themselves of the hospitality of the club.

Among those in the party during the past week were S. P. Holmes, T. M. Palmer, W. D. Stark, Judge John L. Doggett, Capt. Blair Burwell and Mr. Logan of Jacksonville, and H. H. McCreary of Gainesville. Some fine catches of fish were made daily, but the last day's sport was the greatest of all. In fact it was a record breaker for a place famous as the fisherman's paradise, four tarpon being landed during a few hours. Mr. Holmes had two of the silver kings to his credit, and Mr. Stark and Judge Doggett one each. The one caught by Mr. Stark, who, by the way, is the gentlemanly traveling passenger agent of the Atlantic Coast Line and better known to his intimate friends as "Wild Bill," was five feet eight inches long and weighed 140 pounds. Mr. Holmes' two beauties were close seconds, while Judge Doggett, who is reputed to have a fondness for "weak" fish, landed one three feet eight inches long and weighing 75 pounds. The Judge, however, hooked a tremendous tarpon, which, after giving him forty minutes of the most violent exercise, kindly relieved him of further labor by parting the line. In all the three gentlemen had ten strikes, of which six were securely hooked and four landed, which were sent to Jacksonville and mounted. It was a great afternoon's sport, and the honor of having broken the record for tarpon fishing in those waters is accorded to Messrs. Holmes, Stark and Doggett by the oldest inhabitant of Mayport.

The tarpon fishermen went out with Charles F. Drew, who is as well acquainted with the waters inhabited by the finny tribe as Maxey Dell is with the hunting grounds of Alachua county. Mr. Drew enjoyed the sport as much as the anglers themselves, and so thoroughly were his services appreciated that he has been retained for the remainder of the season.

Messrs. Palmer, Burwell, Logan and McCreary were somewhat chagrined at not being able to boast of catching a tarpon, but the quantity of sheepshead and other fish they caught would supply the town of Gainesville for an entire day.

It was a jolly party, the most congenial and good natured it has been the writer's pleasure to mingle with for many a day, and he returned home feeling that "it was good to have been there." Long life and prosperity to the St. Johns Fishing Club, and may each and every member have at least one tarpon to his credit ere the season is over.

HEART FAILURE CAUSED DEATH

On August 4 Mr. Sage Would Have Celebrated His Ninetieth Birthday. Sage Interests Will Not Be Affected by His Death.

New York, July 24.—Russell Sage died suddenly Sunday at his country home "Cedarcroft," at Lawrence, L. I. The immediate cause of death was heart failure resulting from a complication of diseases incident to old age. The veteran financier would have celebrated his ninetieth birthday on August 4th.

Mr. Sage had been in exceptionally good health since his arrival at his summer home about six months ago.

RUSSELL SAGE.

At noon Sunday he was seized with a sinking spell and collapsed, falling into unconsciousness about two hours before his death, which occurred at 4:30 o'clock.

There were present at the end Mrs. Sage, her brother, Colonel J. J. Slocum, the Rev. Dr. Robert Leetch, Dr. Theo. S. Janeway, of New York, Dr. Carl Schmuck, a local physician, and Dr. John P. Munn, for many years Mr. Sage's family physician, who was summoned from New York when the first alarming symptoms were noticed.

The funeral services will be held on Wednesday at the West Presbyterian church in West Forty-second street where Mr. Sage had been a member for many years.

The interment will take place in Troy on Thursday. Mrs. Sage and her brother, Colonel Slocum, are named as the executors of Mr. Sage's will.

It is generally believed that Mr. Sage's vast interests will not be seriously affected by his death. Several times within the last few years rumors have been set afloat of Mr. Sage's death. On one such occasion in June, 1899, Mr. Sage said:

"I suppose somebody wanted to make a little money by affecting stock values, and they hit on this old trick."

Asked if the stocks had been much affected, he answered:

"I understand not. The properties in which I am interested cannot be seriously affected by my death."

Woman Acquitted of Murder.

Fulton, Mo., July 24.—The jury in the murder case of Mrs. Edmund Bailey, charged with being an accessory to the killing of Jay Lawder, whom her husband shot dead, returned a verdict of acquittal, after having been out 46 hours. Bailey was acquitted on Saturday. When the verdict freeing Mrs. Bailey was read she and her husband clasped hands and both thanked each member of the jury. They left the court house together.

15 Indictments Are Returned.

Cincinnati, July 24.—Fifteen indictments on charges of restraint of trade in the matter of advancing the price of ice were returned Monday by the grand jury. Ten individuals and five firms were indicted, all being members of the ice-dealers' exchange. Those indicted are members of the exchange who attended a meeting on May 23 when a general advance in ice rates was decided on.

INTERESTING ARNO LETTER.

Union Christian Endeavor Society Organized at High Springs.

Arno, July 25.—After a week of good fodder pulling and grass killing weather, which the farmers made good use of, the rains have returned. The present condition of the cotton crop is at least twenty-five per cent below the average.

The Christian Endeavor Society here is in a flourishing condition. For three months after its organization it met in the homes of its members, but the attendance became so large they were obliged to meet at the church.

F. P. Henderson was yesterday elected superintendent of the Presbyterian Sunday school at High Springs.

There was a union Christian Endeavor Society organized at High Springs Sunday evening for the benefit of all the young people of High Springs without reference to what church they belong. A large congregation of young people and members of the Methodist, Baptist and Presbyterian churches met at the Presbyterian church, according to previous announcement, and after a thorough discussion of the objects and principles of Christian Endeavor by Miss Emma Y. Hughes of Trioga, who is State superintendent of correspondence, Rev. Mr. Van Sickle took charge of the meeting and called for volunteer members, when fourteen Christians, representing the Methodist, Presbyterian and Baptist churches, came forward and joined as charter members, after which the organization was completed by the election of F. P. Henderson, president; Lincoln Grimes, vice-president; John Neal, treasurer; Miss Lila Thompson, corresponding secretary; Mrs. Jasper Osteen, local secretary; Mrs. Hogan, chairman of social committee; Mrs. Wm. Futch, chairman of the lookout committee; Mr. Young, chairman of the prayer meeting committee. The society then adjourned to meet at the Presbyterian church next Sunday afternoon at 5 o'clock, when much other preliminary work will be done. The president and members earnestly solicit the hearty co-operation of every Christian in High Springs, and a cordial invitation is extended to all the young people of High Springs to attend all meetings, especially the meeting next Sunday afternoon.

Miss Pearl Osteen is visiting her sister, Mrs. W. F. Marlow, at Ocala.

Mrs. Roy Osteen returned to her home at LaCrosse Monday, after a week's visit to her sister, Mrs. F. B. Clark.

Mrs. Tom Price is still confined to a dark room with a very painful eye.

Cossacks and rowdies are plundering the deserted Jewish houses and shops.

On Srednaia street three Jews were killed and three wounded in attempting to defend their property while the police looked on. Another bloody conflict is now reported to be in progress in Slepovia street.

The whole city is in a state of panic. Many of the inhabitants are fleeing.

The Black Hundred is distributing blood-thirsty proclamation in the public streets.

St. Petersburg, July 25.—Proclamations announcing that the death sentence has been imposed on the emperor, General Trepoff, M. Pobiedonostzeff, who was procurator general of the holy synod, General Orloff, the "pacificator" of the Baltic provinces, and others, has been scattered over part of Peterhof.

The terrorists are said to have succeeded in nailing copies of the sentence on the doors of General Orloff's and General Trepoff's quarters.

The bulk of the members of the outlawed duma who held a meeting at Viborg Monday, and issued an address to the people, arrived here Tuesday from Viborg. A popular demonstration was prevented but the members were not arrested.

Disturbances at Odessa.

Odessa, July 24.—5 p. m.—Serious disturbances took place in the remote quarters of Odessa late Monday night. The Jews sought refuge in the center of the city. Many of them left Odessa altogether.

Bombs Thrown into Stores.

Sosnowicke, Russian Poland, July 25.—Simultaneously at noon Monday, bombs were thrown into four stores of the Singer Sewing Machine company, located here, at Bendzein, Sawierze, and Czenstochean, wrecking all of the shops and wounding many persons. The bomb throwers were agents of the Socialistic party who had made the Singer company an example of what may happen to others for refusing to contribute to the revolutionary cause.

Won't Arrest John D. Rockefeller.

Findlay, O., July 25.—No attempt will be made to arrest John D. Rockefeller Saturday when he lands in New York. Attorney Troup, of Bowling Green, Ohio, representing Mr. Rockefeller, was here Monday and secured the permission of Prosecutor David and Probate Judge Banker to enter Rockefeller's appearance in the latter's court and this was accordingly done. Sheriff Groves still has the warrant but on account of the turn of events will not attempt to serve it. The warrant was issued recently upon information filed by Prosecutor David charging Mr. Rockefeller and the Standard Oil company with violation of the Valentine anti-trust law.

Approaching Marriage.

Invitations are out for the approaching marriage of Franklin Long and Miss Ada Giddings, daughter of M. Giddings, North Gainesville, which will be solemnized at the Advent Christian Church in this city on Aug. 1st, being Wednesday next.

Friends of the contracting parties extend congratulations in advance.

AN EXCITING AFFAIR ON A. C. L. TRAIN

Henry Williams Shot Twice While Resisting Arrest.

CONDUCTOR GILMER'S NERVE

Negro Was Much Larger Than the Conductor, But Size Didn't Count, and Gilmer Mastered Situation by Physical Strength and Otherwise.

There was "something doing" between Conductor H. L. Gilmer, who has charge of the High Springs-Citra passenger train, Atlantic Coast Line, and Henry Williams, a big burly negro, at Orange Lake Saturday morning, which resulted in a couple of pistol wounds for the latter.

It appears, from the best evidence that could be obtained, that Williams was an escaped convict from the Marion county camps. He managed to escape some time during Friday, and on the evening of that day forced an entrance into a mercantile establishment at or near Ocala, helping himself to whatever goods suited his taste.

Conductor Gilmer, who enjoys somewhat of a reputation as a detective, as well as for his alertness, was notified of this incident. A description was furnished him of the negro, and when the man boarded the train at Orange Lake the conductor proceeded to carry out his instructions to arrest him.

Conductor Gilmer, by authority vested in his position as a railroad employe, exercised the position of a deputy sheriff also. When he attempted to place Williams under arrest it was said that the man resisted vigorously, but he met his match in the little but muscular conductor, who gave him even more than he was looking for. After discovering that he was about to become at the mercy of the officer, the negro made a dash from the car platform, where the tussle occurred, and started for the woods as fast as his legs could carry him. Conductor Gilmer commanded him twice to halt, but without avail, when it was necessary to bring a pistol into play.

Williams was wounded in the right shoulder and foot before he would surrender. He was taken to McIntosh and turned over to an officer.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

WISHES SUCCESS TO CUTICURA REMEDIES

"After using Cuticura Soap, Ointment, and Pills, I am very glad to say I am entirely relieved of that itching humor of the head and scalp which I was bothered with quite a length of time. I did not use the Cuticura Remedies more than three times before I began to get better, and now I am completely well. FORMER WALDO MAN IS DROWNED

Prominent Seaboard Detective Was Overturned by Plank.

WAS GUARDING THE DOCK

Strike Was On, and Mr. Fitzwater Was On Duty as a Special Officer to Promote Peace—Was Well Known in Waldo and Gainesville.

Information comes from Savannah of the sad drowning of George S. Fitzwater, a special agent of the Seaboard Air Line railroad, from the termimal docks in that city about 3 o'clock Sunday morning.

It appears that, there being a strike on the terminals, Mr. Fitzwater had gone there as an officer to keep order. At this early hour in the morning, while making his regular rounds on the docks, he stepped on a board, which overturned, throwing him into the river, and he was drowned before assistance could reach him.

Deceased leaves a wife and one or two children. He was well known in this section, having made his headquarters at Waldo for several years.

HAD BIG INSURANCE.

Geo. S. Fitzwater Was Insured in Prudential for Five Thousand.

Information has reached this city to the effect that George S. Fitzwater, the unfortunate man who met his death by drowning in the Savannah river Sunday morning, carried, among other insurance, a policy of $5,000 on his life in the Prudential. The papers for proof of death are now being prepared, when the money will be paid promptly to the widow, who is in Monroe, N. C.

The body of Mr. Fitzwater was recovered Monday and shipped to his home at Monroe, N. C., where the interment was held Tuesday.

Mr. Fitzwater was quite popular in Waldo and other sections of the county where he was known, and his sudden death came as a shock to his numerous friends here.

BIG DAY IN COUNTY COURT

Many Cases of Various Character Were Disposed Of

MORGAN UNDER HEAVY BOND

Forger Could Not Give Same, and Was Remanded to Jail to Await Action of Grand Jury—Six Gamblers Fined. Other Important Cases.

The mills of justice have been grinding regularly in County Judge Mason's court for the past two or three days, with the result that the genial Judge has been kept quite busy.

The most interesting cases to come before the court, and cases of great importance to the county, settling a question which it is said has been a puzzle for years, were those of the State vs. a number of traveling agents who have been working in the county without a license.

The first case was that of the State vs. A. G. Reynolds and others. These defendants were arraigned as representing the Wrought Iron Range Company of St. Louis and were charged, as traveling agents, of disposing of the products of this concern without license.

The case was called and submitted to a jury, which returned a verdict of guilty. The court imposed a fine of $100 and costs on each defendant.

The case of the State vs. J. F. Anthony and others, lightning rod agents, upon the same charge as above, was next brought before the court, a jury summoned, and a verdict returned of guilty. These defendants were assessed a fine of $250 and costs each.

Through their attorneys, Carter & Layton, who represented the defendants in both causes, the cases were taken by habeas corpus proceedings to the circuit court, and in the event that tribunal sustains the lower court, the matter will be taken into the Supreme Court of Florida.

The defendants in the cases contend that they are not subject to license, the State laws being in conflict with the statutes of the United States.

The State law provides that in the case of traveling dealers, except lightning rod agents, $50 for each county shall be paid for the State, and $25 for the county. Lightning rod agents are required to pay in each county, for the State $100, for the county $25.

Heavy Bail for Morgan.

Taylor Morgan, the negro who attempted to negotiate a forged check at the First National Bank a few days ago, who was subsequently arrested and in his attempt to escape was shot by Sheriff Fennell after a hot chase, was sufficiently recovered to appear in court. Morgan looked none the worse for the wear, and it could be seen that he had not the sympathy of the court or those about him. He was requested to furnish a bond of $1,000 for his appearance at the fall term of the circuit court, in default of which he was taken back to prison.

A Bunch of Gamblers.

A bunch of six negro gamblers who were arrested by Officer Granger at Grove Park Saturday night while engaged in a game of "skin," were arraigned, pleaded guilty, and were sentenced to pay a fine of $1 and costs each.

Contested Will Case.

The court concluded its session with a case of M. Forman vs. Mrs. C. Forman, contest of will. Testimony was taken, and the matter is now under advisement of the court.

THE CONTINUED NORMAL.

Under Direction of Profs. Lynch and Corr, Will be Big Success.

As announced through The Sun, the State Normal Institute which has been conducted for the past six weeks by direction of the State educational department, continued its session Monday under the direction of Professors Geo. M. Lynch and P. W. Corr, with an able corps of assistants.

The opening attendance was quite encouraging, and the faculty believes that the term will prove most beneficial. A desirable feature of this institution is the fact that young men and young women who want to train for the State University will be given special courses.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth Mclver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

Having a Big Time.

Letters received from Miss Irene McCreary, who is on a European tour with Miss Clem Hampton and party, state that she is well and having a delightful time. Col. W. W. Hampton also received a letter from Miss Minna Hampton, who is also on a European tour with another party, conveying the welcome information that she is in the best of health and greatly enjoying the trip.

A Hard Lot

Of troubles to contend with, spring from a torpid liver and bowels, unless you reason them to their proper action with Dr. King's New Life Pills, the pleasantest and most effective cure for constipation. They prevent appendicitis and tone up the system. 25c at all drug stores.

HOME COMFORT RANGES

Josh Billings Said:

"Is a rooster because he kno[illegible] an' believe he has spurs to live up to?"

We claim to-day the Home Comfort is the best and most durable Range in the world, and here are the facts to back up the claim.

What Prominent People Who Have Used the Home Comfort Ranges Say About Them:

Paradise, May 15, 1906.
To whom it may concern: This is to certify that I bought a Home Comfort Range from The Wrought Iron Range Company sixteen years ago and have found it to be just as represented. It has been in constant use since I bought it and is as good today as when purchased, except the first joint of piping. This they replace free of charge. My range has at all times given perfect satisfaction, and is a great saver of fuel. If you buy one you will make no mistake. If my range had in any way given out, I certainly would replace with another, as their salesmen are now in this county and the range they are now selling has great improvements over mine. W. A. Strickland.

How can the gentlemanly witnesses in the Breathitt county, Ky., case be expected to remember just whom they killed on a given day months ago?

It is not surprising that John D. Rockefeller was able to pick the winner at the French races. That man couldn't lose money if he burned it up in an incinerator.

John Sharp Williams is opposed to using American waships to enforce the speculative transactions between the European usurers and South American repudiators.

Mrs. Longworth was much interested in the "creations" of the Parisian dressmakers. No wonder that Nick announced upon arriving in Paris that their stay in the city would be very brief.

A burglar has been sent to the Jefferson City, Mo., penitentiary under two sentences, one for life and the other for ten years. Undoubtedly they will get the best of the man by making him serve the ten-year sentence first.

It appears rather early to be selecting Bryan's cabinet, yet The Ocala Banner names Ex-Governor Jennings for a portfolio in case of the Nebraskan's election in 1908. Keep your eye on the Ex-Governor. The Bryan boom may serve him as well in 1908 as it did in 1900.

Notwithstanding that General Lamar buried the Hon. Jefferson D. Stephens of Jackson county under an avalanche of 3,500 ballots in the May primary, he has sufficiently recovered himself to announce that he will again be a candidate for Congress in 1908. The Hon. Jefferson D. is truly an "early bird."

There are two ways of spending a dollar. You can spend it at home, gain an easy conscience, make another friend and perhaps get the dollar back tomorrow, or you send it away, feel that you have sinned, offend the home merchant and forever lose the dollar and the blessed influence for good to yourself and neighbor.

The "pistol toters" are being severely punished in many sections of the State. If the courts would enforce the law the criminal practice of carrying concealed weapons would soon be a thing of the past. Three months on the gang, instead of the minimum fine of $100, would do the work, and that's the dose some of the "best citizens" have been warned in several counties will be administered to them the next time they are convicted of violating the law.

The Sun congratulates the Board of County Commissioners upon their action in reducing the tax levy for the ensuing year by levying only for school and road purposes. Nothing proves more effective in causing the settlement of a county by a desirable class of people than good schools and good roads, and the tax for neither of these could be reduced and conserve the best interests of the people. Alachua county is noted for its good schools, and it is to be hoped that ere long we can say the same thing regarding its public roads.

THE STATE FAIR.

The State Fair, which is to be held at Tampa, November 14th to 29th, will eclipse in every feature the Fair of last year, which proved superior to any State Fair ever held in the South. President Brown, in order to place all counties on an absolutely equal basis as regards exhibits and awards, has decided upon this excellent plan: The State will be divided into four divisions—West Florida, East Florida, Middle Florida and South Florida. The counties in these sections will compete among themselves for the honor of being the banner county of their respective sections, for which a handsome banner and a cash prize of $500 will be given the winner. The four winners will compete for the grand prize of $1,000, and the winner will be designated as the banner county of the State. This plan is necessary by reason of the fact that the vast area of Florida makes the products so diversified that a county in one section cannot well compete with a county in another section. The counties will be divided as follows:

West Florida—Escambia, Santa Rosa, Walton, Holmes, Jackson, Washington, Calhoun, Liberty, Franklin, Gadsden, Wakulla, Leon, Jefferson, Madison, Taylor, Hamilton, Suwannee, LaFayette, Columbia, Baker. Middle Florida—Nassau, Duval, Clay, Bradford, Alachua, Levy, Putnam, Marion, Dade, Sumter, Citrus. East Florida—St. Johns, Brevard, St. Lucie, Dade, Monroe. South Florida—Lee, DeSoto, Manatee, Polk, Hernando, Pasco, Hillsborough, Osceola, Orange.

REAL TRUST BUSTING.

After thinking over the Republican attempts at trust busting, mostly stage plays, can you point to one trust that has reduced the price of its products in consequence of Republican activity? Results are what the tariff taxed public are looking for, but the record shows that the cost of living is now 48 per cent higher than it was before the present Republican tariff law was enacted. The fact is that not only must the laws against trusts be enforced, but their monopoly and special advantages must be destroyed. It is absurd that such a trust as the United States Steel Corporation, that controls nine-tenths of all steel products of the country and that has been proved to be selling its products cheaper abroad than here, should be continued in its monopoly by the tariff law. That gigantic corporation, by far greater than any of its sister trusts, cannot take refuge an an "infant industry" that needs protecting. It may not be policy to take the chances of disturbing the steel business by at once abolishing all its protection, but cutting off one-half of its tariff protection will be one of the first propositions of a Democratic House of Representatives. That would be a start at real trust busting.

THE GHOULISH COFFIN TRUST

Of all the trusts the ghouls of the coffin trust are the most despicable. They prey upon the poor in the hour of their grief when the savings have been depleted by the enforced non-earning power of the bread winner. The cheap box, called a coffin, with its tawdry trappings that cost but a trifle, is sold for a sum that represents weeks of labor. This coffin trust is protected by the Republican tariff from competition by an import duty of 35 per cent, under the paragraph in the tariff law of manufactures of wood not specially provided for. Thus the Republican standpatters have made the government the partner and protector of this ghoulish trust which adds to the misery of the bereaved ones by the imposition of a tax upon a necessity when least able to bear it.

One of the first duties of a Democratic Congress will be to amend the tariff law by putting coffins and caskets upon the free list.

It is now explained that Secretary Taft was sent to North Carolina because those "Blackburn people" had been endorsing at some of their county conventions Vice-President Fairbanks as successor to President Roosevelt. The question is, has Taft stopped the revolt?

The Board will meet at the Clerk's office in the court house on Monday, August 6, 190... to hear and determine all complaints, after which date, under the law, no changes can be made in the assessment roll.

S. H. WIENGES,
Clerk Board County Commissioners.

The crop of Gubernatorial candidates grows as rapidly as grass during a rainy season. Those now mentioned are: Cromwell Gibbons, W. J. Bryan, Jacksonville; Jennings of Pensacola; Horace C. Gordan, Tampa; J. W. Watson, Miami, and E. S. Crill of Palatka. The latter has not announced his intention of entering the race, but sentiment is crystalizing in his favor all over the State. He is recognized preeminently as the man best fitted for the Governorship under present conditions.

Well, the next term of the University of Florida will open in Gainesville next September, despite the harassing fight to retain the school until the Legislature convenes. "Whom the Gods would destroy they first make mad" has been demonstrated in the contest for the University, and the action of the people of Lake City is not calculated to redound to the interests of that town in the future.

"All gone" is what they are now saying in Washington. This refers to the people's money, as well as to Congress and the official set.

NOTICE FOR PUBLICATION.

Land Office at Gainesville, Fla., July 12, 1906.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by Act of August 4, 1892, Wiley F. Luther of Old Town, county of LaFayette, State of Florida, has this day filed in this office his sworn statement No. 545, for the purchase of the Sw¼ of Section No. 1, in Township No. 11 S., Range No. 12 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agriculture purposes, and to establish his claim to said land before Register and Receiver at Gainesville, Florida, on Thursday, the 27th day of September, 1906.

He names as witnesses: B. S. Butler, Jr., McQueen Chaires, J. D. Duther, T. A. McQueen, all of Old Town, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 27th day of September, 1906.

7d W. G. ROBINSON, Register.

Teddy's genuine raids have not been made on the railroads and meat packers, but on the wage-earners, who pay the taxes.

But Their Work Showed Excellent Training, and Put Up One of the Prettiest Games of the Season—Another Game this Afternoon.

Madison seems to be a Jonah for the Oak Hall baseball team—at least a Jonah for the last three games, but the home boys are determined to "get even" this afternoon by giving the visitors a defeat to take home with them which they will remember

But the game was not a bad one by any means, and was one of the fastest and most exciting seen on the local diamond this season. As a matter of course, the result did not digest as palatably as either of the two games with St. Augustine, but at any rate it was a good one, bringing out many points.

The game up to the eighth inning was nobody's game, but owing to a bunch of errors and some heavy batting on the part of the visitors, Madison managed to pass three men over the home plate. The game was a goose-egg on both sides prior to this incident which sent a chill down the spines of the Gainesville fans, except in fourth inning, when by a scratch Madison managed to score one run.

Following is the score by innings

Gainesville	0	0	0	0	0	0	0	0	0	—0
Madison	0	0	0	1	0	0	0	3	0	—4

Hits by innings:

Gainesville	1	2	1	0	0	0	0	0	0	—5
Madison	1	0	0	0	0	0	1	1	0	—3

Struck out—By Sheats 9; by West 2.

The team will play again this afternoon, the game being called at 3:30 o'clock. Those who feel disposed to attend and encourage the sport in Gainesville are assured of an exciting afternoon.

The Madison boys are under the management of Columbus B. Smith, the clever editor and proprietor of The Madison New Enterprise. They are a gentlemanly lot of fellows, and are making friends among the Gainesville people.

MRS. LOUIS LACOMB.

SUFFERED FOR MONTHS.

Operation Advocated—Saved By Pe-ru-na.

Mrs. Louis Lacomb, Hayward, Wis., writes:

"I have followed your treatment as closely as I could and am now entirely well.

"We had two doctors and one said that I would have to have an operation performed before I could regain my health.

"We then decided to write you as to my condition, as I had been suffering nearly a year with severe pains and headaches at times so that I could scarcely stand up.

"Now I feel so well after a short treatment with your remedy, and am so grateful that I do not know how to express my thanks.

"I thank you many times for the kind advice I have had from you."

UNIVERSITY FURNITURE IS ARRIVING

Three Carloads Yesterday, and Six More Expected Today.

LOADING AT LAKE CITY

Work Is Being Done Under Direction of Chas. Warren, and It Is Expected That All Furniture and Supplies Will Be Here by Last of This Week.

At last, after the filing of a number of injunctions of restraint, etc., and the setting aside of each of them by Judge Malone of the Quincy circuit, the furniture and supplies of the University of Florida are being moved to the new site of this institution, Gainesville.

Three carloads of these supplies arrived Wednesday, and six others are expected today. The shipments will begin to arrive daily until all are here, when they will be stored until the completion of the elegant buildings now under course of erection, which will be ready by September 1.

A large force is now engaged at Lake City removing the supplies from the buildings to the cars. This work, which is being done under direction of Chas. C. Warren, will be completed by Friday, and by the end of the present week all will be stored here.

Herbert Pinkoson, who went with Mr Warren to Lake City, returned yesterday.

HENRY WILLIAMS BETTER.

Negro Shot by Conductor Gilmer Saturday is Improving.

Henry Williams, the escaped convict from the Marion county camps, who was arrested after desperate resistance by Conductor Gilmer, on the Citra train, at Orange Lake, Saturday morning, after the conductor had been compelled to shoot him twice to check his retreat, is reported as improving.

Williams proved to be the right man. He was taken to McIntosh, where he was turned over to an officer, who returned him to the camps. He will probably be required to serve double sentence on account of his attempt to escape.

LOCHLOOSA NOTES.

"Uncle Bill" Richardson Entertains Friends at Birthday Party.

Lochloosa, July 25.—Capt. A. K. Wade and family spent Sunday at Pablo Beach. They report a nice time.

Miss Jessie Pace and the two young Mr. Pearsons of Jacksonville are spending a while with the former's parents, Mr. and Mrs. W. A. Pace.

Mrs. K. J. Tompkins and children have gone to spend a while with the former's mother, Mrs. Dunn, at Williston, who a few days ago swallowed a peach seed, and will go to Atlanta in a few days to the doctors.

W. T. Richardson, or "Uncle Bill," as most commonly known, celebrated his sixty-six birthday Sunday, July 22, inviting a few of his friends. We had a nice dinner—all the good things we could eat, and after dinner "Uncle Bill" fixed the children a swing out under the nice china tree shades, and made enjoyable for them as well as the old folks. "Uncle Bill" spent the most enjoyable birthday than ever in the past sixty-five birthdays of his life. We had a nice fair day for the occurrance, which made it still more delightful.

The friends departed, wishing the host another successful year and hope that we all may be able to eat birthday dinner with him again.

A BIG TIMBER DEAL.

W. B. Phifer Purchases Fine Body of Land on Lochloosa Lake.

W. B. Phifer, the naval stores operator of Rochelle and Grove Park, evidently intends to extend his interests, as he has purchased through a real estate firm in this city a body of fine timber on Lochloosa lake, embracing 3,500 acres, for which it is understood he paid $10,000.

Mr. Phifer has been quite successful in the manufacture of naval stores. He owned and operated for several years an extensive place at Abbott, South Florida, and after disposing of same purchased the places at Rochelle and Grove Park. He has associated with him at Grove Park S. F. Waite.

BIG BARBECUE AT BURNETT'S LAKE

Will be Given by Alachua County Cotton Growers' Association.

A LARGE CROWD EXPECTED

Various Cotton Associations Throughout the State Are Invited, and Many Will be Represented—Speeches and Big Dinner Order of Day.

The cotton growers of Alachua county are anticipating not only a big barbecue and big time on the beautiful shady shores of Burnett's lake, near Alachua, on Wednesday, August 1, but they are anticipating as well the meeting together of growers of the staple from many other counties, and an exchange of ideas, etc., that will prove of lasting benefit to them as cultivators and handlers of cotton.

The Alachua County Cotton Growers' Association, of which Captain J. S. Dupuis of Alachua is president, has called a big barbecue for the date mentioned. Every association and every individual farmer who is interested in the cultivation of the fleecy staple is extended a cordial invitation to be present, along with their wives and families. An invitation is also extended to the general public.

An abundance of beef, pork and mutton has been secured for the occasion, and there is no danger of a scarcity in the good old-fashioned barbecued meat.

Will Have Extra Teams.

Alderman Benson, chairman of the sanitary committee of the City Council, states that he will have extra teams placed in commission to remove trash from the streets, as well as the premises of our citizens who will take the pride to place the same in a barrel or other receptacle on the streets, where it will be easy of access.

THE SCHOOL BOARD IS AFTER SUB-DISTRICTS

A Hint at Extravagance Made by Strong Resolutions.

MUST QUIT BORROWING MONEY

The Resolution Orders That the Total Income of Districts Referred to Shall be Used for Liquidating Their Indebtedness Until Paid.

The Board of Public Instruction evidently does not appreciate the manner in which two sub-district school tax districts have been exceeding their proportion of expenses and having money advanced from the common school fund, as in shown by a resolution passed unanimously by that distinguished body at a special meeting a few days ago.

While no authentic information is given, it is understood that Waldo exceeded the appropriation by about $330, while High Springs district ran behind more than $1,000 over the proportion last year.

The following is the resolution and preamble, as presented by Hon. W. J. Martin and unanimously passed by the board:

"Whereas, The special tax districts of High Springs and Waldo have secured large loans from the common school fund of Alachua county for building and other expenses, and

"Whereas, It is a plain fact that the income to these said districts is insufficient to pay the interest and maintain any extra school term, in said districts, and pay off the said indebtedness in any reasonable number of years, therefore, be it

"Resolved, That the superintendent must not contract with teachers for said schools for a longer time than the common school term of the county, unless the patrons of the said schools first guarantee the extra expense thereof, and that said guarantee must be the amount paid in advance to the county treasurer.

"Ordered, further, that the total income to said districts shall be used for liquidating the indebtedness of said districts until the same is paid off."

Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

FRIGHTENED BY TRAIN.

Sad and Sudden Ending of Horse, Which Died of Heart Failure.

One of the most peculiar animal deaths ever known in this section occurred Tuesday, the victim being a horse belonging to Ben Gorman, an industrious colored man who resides on the outskirts of the city.

This animal actually died of heart failure, produced by fright, it is said. Just as the southbound A. C. L. train from Jacksonville was crossing Court street Gorman came driving along. At the sight of the train the animal tried to run, but the occupant of the wagon held a tight check, when the horse suddenly fell and expired within three minutes.

The incident attracted quite a crowd to the scene, which viewed the dead horse curiously.

Gorman is a hard-working man, and this loss will prove a serious one to him.

Letter to Dr. W. M. Johnson, Gainesville, Fla.

Dear Sir: Mr. N. Avery, Delhi, N. Y., had two houses exactly alike, and painted them; one Devoe lead-and-zinc; the other barytes-and zinc. He paid same price for both paints.

He used six gallons of lead-and-zinc, 12 gallons barytes-and-zinc.

He paid $18 for painting lead-and-zinc, $36 painting barytes-and-zinc.

The total cost of the lead-and-zinc job was $27; the total cost of the barytes-and-zinc job was $54.

He didn't know he was buying barytes; the dealer told him that paint was as good as Devoe.

A fair example of how it generally comes out, when you buy "something just as good." Better go by the name; the name; and the name is Devoe.

Yours truly,

Prof. Tom F. McBeath has returned from Starkville, Miss., where he has been engaged on the faculty of the A. & M. College summer school.

Professor McBeath reports a fine term. There were 600 Mississippi teachers in attendance, and the faculty and management, as well as the students, felt much gratified over the good work accomplished.

The summoning of Prof. McBeath, a Florida teacher, to work in this school, was not only a personal compliment, but a compliment to the educational interests of the State, which is rapidly becoming one of the leading States of the Union in this direction.

THE OAK HALLS AGAIN VICTORIOUS

Won Over St. Augustine by Close Score of Two to One.

WAS A SWIFT, SNAPPY GAME

Work of Both Teams Showed Good Training, and Men Appeared Evenly Matched—One of Prettiest Games Ever Seen on Gainesville Diamond

By far the prettiest and fastest game of baseball ever seen on the local diamond this season, and one of the prettiest ever witnessed in Gainesville at any time, was the second game between the Oak Halls and St. Augustine, Tuesday afternoon, the score resulting two to one in favor of the home team. The game was snappy from the beginning, and this quick work did not lag during the entire game, the time required for the game being only an hour and twenty minutes.

The game between the two teams Monday afternoon was a good one, but was far outclassed by the contest of the following day.

It is to be regretted that the crowd Tuesday afternoon was not larger, which would have been more encouraging. However, those present enjoyed the game, and the fans exhibited enough enthusiasm to have impressed one on the outside of the high fence that there wasn't standing room.

The Sun would like to give a complete description of the game by innings, but is unable to do so for lack of space. Suffice it to say, however, that the twirlers on both teams did excellent work, as is shown by the score. Gainesville bunched her two runs in the first inning, after which there was a succession of goose eggs throughout the remainder of the game. The visitors suffered a goose egg board until the fifth, when they managed to push a man over home plate.

The line-up was as follows:

St. Augustine.		Oak Halls.
Capo	p	Waller
Rogero	p	Kennard
Canova	ss	Thomas
Colee, E	2b	Graham, S
Barnes	1b	Clark, F
Canova, A	3b	Sheats
Kemper	lf	Graham, A
Capo, John	cf	Clark, Ed
Rogero, F	rf	Carter

Score by innings:

Oak Halls 2 0 0 0 0 0 0 0 0—2
St Augustine 0 0 0 1 0 0 0 0 0—1

The visitors left for Lake City via the Gainesville and Gulf Tuesday night. As an aggregation they were a clever set, and made many friends here who want to see them come again.

NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon waste away. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is starved or nourished that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head was dizzy, eyes pained me and my stomach was sore all the time, while everything I would eat would seem to be heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve so I kept up the treatment. I took six bottles, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

Don't be wheedled by a penny grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

To gain knowledge of your own body—its sickness and health—send for the People's Common Sense Medical Adviser. A book of 1008 pages. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Farmers Fight to the Death.

Waynesboro, Ga., July 24.—News has reached here of a shooting affray at Alexander in which Mack Sikes was killed and Wat Chance was injured. It is rumored that a negro was also shot. Details of the shooting are meager, but from what can be learned, the men met at a negro frolic and indulged too freely in whisky. It seems that Chance, when drinking had some grudge against Sikes and this was probably the cause of the fight. The dead man was a prominent farmer, about 40 years old, and leaves a wife. Chance is 28 years old and unmarried. He is also a farmer.

Capt. J. N. Strobhar is personally superintending the clearing up of the Harris place on Panasoffkee lake, and will eventually make it one of the most attractive resorts in Florida. A club house will be erected on the premises, and we have no doubt but what this innovation will result in the erection of a tourist hotel at or near the outlet, and the shores of the lake dotted with cottages that will be occupied by winter residents. There is no better fishing in the State than in Panasoffkee lake and the Withlacoochee river.—Sumterville Times.

Mr. Rogers' Departure.

Rev. S. B. Rogers, pastor of the First Baptist Church, left yesterday for Swannanoa, North Carolina, where he expects to spend a very much needed vacation of a few weeks.

His congregation very generously showed their appreciation of his services and worth to the church by granting him a vacation on full pay, and his friends hope that the change will bring him back to his normal health.

During Mr. Rogers' absence Rev. P. W. Corr has kindly consented to fill his pulpit.
